The management and staff of BMS send warm greetings your way. We pray you and our little ones are staying safe.

This memo is to enlighten you on the scope of our “BMS” online school. Our program is a bit different from what the industry is doing and hence its associated cost. The decision to go this way was to try and address your concerns and see how best we can serve you and not compromise on delivering quality.

THE MODE AND STRUCTURE OF OUR PROGRAM

- Quality Pre-recorded class session (class session to be delivered mainly in this format)
- Worksheets
- Presentations
- Assignments
- Live interactive sessions
- Scheduled time table (For structure)
- 1 week free access to all

REASON FOR THE CHOICE OF THIS MODE

As a result of feedback from parents/guardians, management in consultation with the of PTA executives decided to ensure the following is achieved in delivering our online school program;

- Convenience
- That no child is disadvantaged in terms of poor or no internet connection during class sessions.
- Availability of parents to ensure and supervise pupils during sessions.
- To address the issue of device to children ratio in homes where the pupils may be more than the number of devices.
- Where feedback shows that topics were not clearly understood by pupils scheduled live interactive session can be held.
